TradeStation Rated Best Trading System for Stocks and Futures for the Thirteenth Consecutive Year; Declared “Best” in Five Major Categories by TASC Readers

Plantation, Florida

Wednesday, February 22, 2017

TradeStation, a Monex Group company and award-winning* online broker-dealer and futures commission merchant, announced today that it topped all other online brokerage firms in five major categories in the 2017 Readers’ Choice Awards given by *Technical Analysis of Stocks & Commodities* (TASC) magazine.

TASC readers voted TradeStation the best *Trading System – Stocks* and best *Trading System – Futures* for the thirteenth consecutive year. TradeStation won for best *Professional Platform* for the fifteenth year in a row, best *Real-Time Data* for the seventh year in a row and eighth time overall, and best *Trading Centers/Schools/Training* for the third consecutive year.

“The results of this year’s TASC Readers’ Choice Awards speak volumes about TradeStation’s trading technology and data, as well as our commitment to providing training that can help our clients make the most of that technology,” said John Bartleman, President of TradeStation Group, Inc. “Our recently introduced *TradeStation Salutes* program, which seeks to help active-duty and retired military personnel navigate today’s financial markets through customized education, is just the latest example of our commitment to helping our clients become better-informed traders and investors.”

About TradeStation Group, Inc.

TradeStation Group, Inc., through its principal operating subsidiary, TradeStation Securities, Inc., offers the TradeStation analysis and trading platform to the active trader and certain institutional trader markets. The TradeStation platform offers electronic order execution and enables clients to design, test, optimize, monitor and automate their own equities, options and futures trading strategies. TradeStation Group is a wholly owned subsidiary of Monex Group, Inc., one of the largest online financial services providers in Japan.
