Monex Group Environmental Policy

Our approach to the environment

Ever since its establishment, Monex Group has operated environmentally friendly online financial businesses. In June 2021, the Board of Directors formulated the Monex Group Sustainability Statement, which clearly states our commitment to contribute to the realization of a sustainable society and to reduce the environmental impact of our businesses.

In addition to fulfilling our obligation as a public entity to protect limited natural resources for future generations, we must structure our core finance-related operations to respond to the impact that environmental issues (in particular, climate change) will have on overall economic activities.

We are committed to addressing and solving environmental issues through our business operations based on the following Environmental Policy.

Environmental Principles

1. Through our business operations, we shall develop and provide products and services* that contribute to solving environmental issues.

*ESG financial products, including environmental impact funds that focus on global renewable energy.

2. We will strive to continuously reduce greenhouse gas emissions generated by the group's business activities.

3. In addition to providing environmental education for executives and employees, we shall enhance awareness of environmental issues among our customers and other stakeholders.

4. We shall disclose environmental information in a timely and appropriate manner to meet the expectations of society and capital markets.

5. We shall put in place a framework to ensure the steady implementation of our efforts to solve environmental issues. Specifically, With respect to climate change initiatives, we will report to the Board of Directors on our ongoing improvements through periodic evaluations and reviews and, under the supervision of the Board of Directors, strive to manage climate change risks.

6. We shall comply with environment-related laws and regulations and strive to implement the Monex Group Environmental Policy.
